CADELL

The name CADELL was chosen as a stud prefix, by Ray Harper because this was the name of one of the properties purchased by his grandfather, David Harper, when he moved to the Temora district from Victoria in 1910. Research shows there was a Captain Frances Cadell RN who was the first man to navigate the Murray River from its mouth to Swan Hill in a paddle steamer, named The Lady Augusta. He did this in 1853.

The late Ray Harper

CADELL STUD

The Cadell stud was established by the late Ray Harper in 1946 and is now run by his son Barry, grandson Robert and great grandson, Blake.

The stud was based on Kelso and Yarra bloodlines with several rams purchased from Squire and Freebairn's Bumbaldry Stud. Since then the Cadell Stud has used selected rams from Kelso, The Oaks, Crymelon, Chandivan, Raywil and Coolawang studs.

Cadell continues to join approximately 800 ewes each year, making it the largest Border Leicester Stud in Australia which keeps individual pedigrees and Lamb Plan figures.

The Cadell property also breeds Border Leicester/Merino 1st X lambs using Johnes-accredited Merino stud ewes. This enables Cadell to sell approximately 1,000 MN3 1st X ewes, annually.

The Cadell property is experiencing a wonderful season in 2020 with all sale rams, receiving no supplementary feeding since March.

- > Lambplan figures for stud rams in catalogue.
- > Lambplan figures for flock rams available sale day.
